PARR'S LIFE PILLS—SUMMER MEDICINE.
THIS popular medicine should be taken by every one valuing their health. No matter how well you may feel, the change of season imperatively demands a cleansing of the system—and being without mercury, are peculiarly calculated for being taken with safety at [illegible] this change.

Spanish, Portuguese, German and French Houses, that this popular medicine is put up with wrappers and directions in each of these languages—accompanied with a neat book, with engravings, of the Life and Times of OLD PARR, whose prolonged life of 152 years has long been a subject of curious speculation to those who have wished for length of days. Many medical men and those acquainted with physiology, have deduced from the history of Thomas Parr, that the use of a Herbal Medicine, and regularity of life, are the predisposing causes which led to the number of his days. As this opinion is corroborated by an extract from Parr's Life, Will and Testament, such deduction is reduced to a certainty.

The subscribers having by purchase become the proprietors of this medicine, now offer it as a valuable remedy to the public. The hundreds of unsolicited testimonials of its efficacy in their possession, warrant their soliciting any one who may suppose Parr's Life Pills to be one amongst the many quack nostrums, offered to the public, to convince themselves by a call at their office or upon any of their agents in New York, amongst whom they number all the principal Druggists.

Furs of all kinds Colored AND Dressed, and Bought and Sold.

E. Morse & Co.
FURRIERS,
East End Kenduskeag Bridge,
One door from Low's City Market.

WOULD respectfully inform the inhabitants of this city and vicinity, that they will richly Color and Dress all kinds of Furs, and warrant the color to remain fast, and preserve its brilliancy and elegance. Fox, Martin and Loup Cervier will be colored and dressed in a manner which cannot be excelled in Europe, notwithstanding it is reported that these skins cannot be dressed and colored in this country. E. M. & Co. will likewise restore the original color of old Fur Caps, thus making new from old. Buffalo Robes will be beautifully colored, and sleigh Robes manufactured.

Those who wish to inform themselves of E. M. & Co's proficiency in the coloring and dressing of Skins, are politely requested to call on Mr. DAVID HILL, to whom they have liberty to refer, and for whom they have done some service. They refer as above in consequence of the efforts of two individuals to injure them in their business.

As the summer and fall is a favorable time to do this work on account of the weather it will be done much cheaper now than in the winter.

E. M. & Co. will pay the following prices for prime raw Furs, viz:
For Black and Maltese Cat Skins, 40 cts. pr skin,
" Loupcervier, $4.
" Muskrat, 20 cts.
" Sable $2.
" Mink $1.
" Grey Squirrel 10 cts.
" Wolf Skins $3.

P. S. E. M. & Co return thanks for the liberal encouragement which has been tendered them since their residence in Bangor, and would give notice that they are now manufact'g Fur Caps, & cloth do with Fur bands, latest styles; Muffs, Tippets, Boas, Fur Gloves, Buffalo Coats, Sleigh Robes, Moccasins, together with every article in the Fur line worn by Ladies and Gentlemen. Linen Glazed Caps constantly on hand. The above articles will be sold cheap for cash, or will be exchanged for raw Furs.

SAND'S SARSAPARILLA.
FOR the removal and permanent cure of all diseases arising from an impure state of the blood, or habit of the system:

Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Postiles on the Face, Blotches, Biles, Chronic Sore Eyes Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders will be removed by this Preparation.

If there be a pleasure on earth which superior beings cannot enjoy, and one which they might almost envy men the possession of, it is the power of relieving pain. How consoling then is the consciousness of having been the instrument of rescuing thousands from misery, to those who possess it. What an amount of suffering has been relieved, and what a still greater amount of suffering can be prevented by the use of Sand's Sarsaparilla! The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigor. The Scrofulous patient, covered with ulcers, loathsome to himself and to his attendants, has been made whole. Hundreds of persons, who had groaned hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs, and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation.

Copy of a letter received from Mrs Asenath Mc Phillips of Norwich, Conn. after she had been using the medicine about eight days. Comment on such evidence is unnecessary.

NORWICH, Oct. 8, 1842.

Messrs. Sands: Gentlemen, It is with the greatest pleasure, and a heart overflowing with gratitude, I sit down to address you, to inform you of my health, which is rapidly improving every day. Those tormenting pains in my limbs, which have followed me for nineteen years and six months, which were taking my life by inches, and tortured and racked to that degree I could not sleep any more than a person wrapped in embers, or with some living creature biting the flesh. Not one single night have I slept all night during the whole of that time; and wonderful to tell, on the 26th of October, I went to bed at 10 o'clock, and slept sweet sleep till morning, and have continued to ever since, which is five nights; the best sleep which I ever enjoyed in my life. The sores on my limbs are growing smaller, and on one side there appears to be new flesh growing. The water is going off by degrees from my head to my feet. It is about two days since it reached my feet, so as to leave wrinkles on my skin. Nothing ever before reached my case until I tried your Sarsaparilla. If I continue to take it until the water is all removed from my feet and ankles, I will get well. I want you to send me some more by the next boat, by Mr. Willcox. Can I find words to tell you how much I am indebted to you? No, I cannot. When physicians failed to help, and friends gave me up to die, it seemed that the Lord put it into the heart of strangers to find out a remedy and send it to me before the grim monster. The scripture saith, "He that hath pity upon the poor lendeth unto the Lord, and that which he hath given will pay him again."

I must close my letter by subscribing myself your friend. ASENATH M. PHILLIPS.

BRANDRETH'S PILLS.
THE expressions *rich Blood, and poor Blood,* have a scientific basis. The ridicule which many have attempted to cast on these common sense opinions, must recoil upon themselves as surely as that Truth will prevail.

Brandreth's Pills.
The effect of this celebrated medicine is to purify the blood; to convert the poor, corrupt blood, into healthy, rich blood. And it is because they do this that they have been so steadily sought after by all classes of our citizens who have required medicine. And it is because of the power Brandreth Pills are now known to possess as health restorers, that renders them so popular.

They cure all affections, simply because they make the blood pure—abstract out of it those qualities which produce disease, and give to it those qualities which produce health.

Now every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste our bodies are continually sustaining. So in the ordinary course of nature we manfacture our entire bodies in about 9 years from the food taken into our stomachs. Suppose the blood made in this stomach of ours is unsound, impure, occasioned by some cause or other; it may refer to the preceding generation; no matter, we make impure blood, and if so cannot be healthy.—Or suppose the air we have lived in for some time has been loaded with matters detrimental to health, or our food for a long period has been of an unwholesome kind, or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point is sure to occasion bad effects on the blood. Any of these causes existing, good blood cannot be supplied to the body.

But let Brandreth's Pills be used daily under these circumstances, in doses of from two to six pills, or as the case shall determine. What is their effect? It is to carry off the impure matters from the blood, leaving only the good to renew every part of the body. What was unsound now becomes sound, and the stomach soon gets into so healty a condition that even bad air or unwholesome food for a time are unable to injure the health materially. Even when the climate or food continue unhealthy, the occasional use of the Brandreth Pills will separate the impure parts and cause their expulsion, leaving what is good to supply life and strength to the body.

When the bones are diseased, when every ramification of the frame is out of order, the Brandreth Pills, will in nineteen cases out of twenty cure. Remember that the body can be entirely remade from the food, bones and all; and aided by this most beneficent medicine, in a quarter of the time it takes in the ordinary course of nature. In from two to four years an entirely new healthy body can be exchanged for the unsound, the diseased, the miserable one. The slowness or quickness of the change altogether depending upon the effect the Brandreth Pills are made to produce; which effect can be graduated just as the patient pleases. No possible injury can result from this; nothing but good can follow. Enquire the effect of Brandreth Pills among your unprejudiced friends; you will hear sufficient to satisfy you that there is no risk in making the trial, and that you will not be doing yourself justice without it.

When your blood is once pure nothing in the shape of food will hardly come amiss; nothing will sour upon your stomach; you may eat pies or any thing in reason; and the greater variety of food the better blood is made. All who have weak stomachs, who are dyspeptic, or in any way afflicted in body, should without delay resort to Brandreth's Pills—which will indeed strengthen the life principle, and by perseverance with them, entirely renew the whole body; the materials how it good, will be kept so; those bad, displaced and removed.—Good blood cannot make bad bone or bad flesh. And bear in mind, the *Brandreth's* Pills do surely purify the blood."

The public should be cautious of medicines recommended in advertisements stolen from me.

A sure test of genuine *Brandreth Pills*: Examine the box of pills; then look at the certificate of agency, whose engraved date must be within the year, which every authorised agent must possess; if the three labels on the box agree with the three labels on the certificate, the pills are true—if not they are false.

☞ Purchasers remember the new labels on the boxes, that DEATH BLOW TO COUNTERFEITERS.

DR. WISTAR'S
BALSAM OF WILD CHERRY.
THE best medicine known to man for incipient Consumption, Asthma of every stage, bleeding of the lungs, coughs, colds, liver complaint, and all diseases of the Pulmonary Organs, may be had of Agents named below.

☞ All published statements of cures performed by this medicine are, in every respect, TRUE. Be careful and get the genuine, "DR. WISTAR'S BALSAM OF WILD CHERRY," as spurious imitations are abroad.

Orders from any part of the country should be addressed to ISAAC BUTTS, No. 125 Fulton-st. New-York.

The public are cautioned against being deceived by a man calling himself Brown who is traveling about the country endeavoring to sell his worthless trash for the genuine, which in itself is good for nothing. The following highly respectable gentlemen and firms have been appointed Agents for the sale of the genuine Dr. Wistar's Balsam Wild Cherry.

BROWN'S
SARSAPARILLA AND TOMATO BITTERS.
THE following are a few letters and certificates, which I recommend to the public. I think they will satisfy any unprejudiced mind of the virtues of this valuable medicine.

Bath, Me., May 28, 1844.
Mr. F Brown—Dear Sir: Having tested the value of your Sarsaparilla and Tomato Bitters, I take pleasure giving to you the facts of my case for your satisfaction and the benefit of others. I have been suffering with the Erysipelas humor in my side, causing my hand and arm to swell very much, and to be painful, at the same time and for some time previous, have been troubled with a weak stomach; most of my food has hurt me after [illegible] at the stomach, which has been increasing, and caused me much difficulty. After I commenced taking your Bitters I could perceive a gradual and immediate relief, and would recommend it with much confidence to those who are troubled with such complaints. Yours truly, WM. DAMRELL.

Bath, Me. May 27, 1844.
Mr. F. Brown—Dear Sir: I have sometime past suffered much from Jaundice and Dyspepsia at the Stomach, loss of appetite, and trouble and pain from the least simple food, with pain in the head and sides, a slight cough, general weakness and debility of the system. After using a number of medicines without any relief, I was induced to try your Sarsaparilla and Tomato Bitters. I received immediate relief from the use of one Bottle, and feel gratified for the great relief I have received, and would recommend it to all who are suffering from similar disorders.
Yours, Truly, FRED. B. SLAID.

Utica, N. Y. May 17, 1844.
Mr Frederick Brown—Dear Sir: I am again out of your Sarsaparilla and Tomato Bitters: It is an article that is much thought of, an old lady from Frankfort, Herkimer Co, says she has been confined to her house for seven years, and this has enabled her to get out.—Several in the city say that it is the best medicine they have ever taken.
Please send me a fresh supply soon, as I have not a bottle in the store. Yours with respect, J. E. WARNER, Per R. F. Ray.

The following is another letter which I received a few days after the above. Utica, May 30, 1844.
Mr. F. Brown—Dear Sir: I wrote you some days since for some more Sarsaparilla and Tomato Bitters, as we are entirely out, and have daily calls for it. I trust on receipt of this you will send some without delay. You had better send them by cars to Albany, as I shall receive them sooner than any other way.
Respectfully yours, J. E. WARNER.
P. S. A Clergyman has just called, and says that his wife cannot get along without it. J. E. W.

The following is from my Agent in Bath, Me., Mr. A. G. Page. He says: "I consider your Sarsaparilla and tomato bitters, the best and most valuable medicine now in use; it gives general satisfaction, and has effected some remarkable cures in this place, as you will see by the certificates which I send you." What can speak plainer than the above, and what better evidence do we want. Mr Page sent with the above letter a large number of certificates, from many of the first people in that place. Don't be afraid to inquire, if you have any doubts of their being genuine.

See what Mr. T. R. Hayes, lately one of the firm of T. K. Hayes & Co. Druggist in Portland, Me, and formerly agent for Brown's Sarsaparilla and Tomato Bitters: he says he knows from experience they are one of the most valuable medicines ever used, and now recommends them to all; he says no medicine ever sold so readily or was ever liked half as well; he knows of many that have been cured, or greatly relieved by its use.

Falmouth, March 15, 1844.
Mr Fred. Brown—Dear Sir: Please furnish the bearer one doz. bottles of your sarsaparilla and tomato bitters. I ask a reduction in price to me in order to enable me to introduce them into this (Barnstable county). I think they may be made to take the place of Dr. Richardson's bitters, which are now sold in this county. I can speak of the excellencies of your bitters from personal experience, having been relieved by them of Obstinate Billious disarrangement of the stomach and a sporvin of many year's standing.
Respectfully yours. RICHARD S. WOOD.

Mr F. Brown—Dear Sir: I am much gratified in having an opportunity to announce to you that by the use of three bottles of your sarsaparilla and tomato bitters, I have been from a state of general debility and decline, and continual suffering restored to the enjoyment of good health. For a number of years I have been troubled with the Liver Complaint, so badly at times, as to prevent my attending to business, and Dyspepsia followed, with loss of appetite, weakness and debility, and a sinking, and oppressive sensation at the stomach, most painful and distressing, which gradually decreased my strength, and led me into a decline, and debilitated me so much as to occasion fears for my recovery; while in this situation I was induced by the persuasion of a friend to make a trial of your bitters, and was most happily disappointed in finding an immediate relief, and before I had taken the contents of the first bottle, I had obtained a comfortable state of health and before I had used three bottles I enjoyed better health than for a number of years. This was about two years since, and my health has continued good till the present time. I must say that I have not much confidence in patent medicines, but I am satisfied from the wonderful effects of your bitters in my own case, and of friends whom I have induced to use it, that it is a valuable medicine, and I take much pleasure in recommending it to my friends and acquaintances, and indeed to all who are thus afflicted, as well worthy a trial. I remain yours, PELEG SPRAGUE.
Bath, Me, April 20, 1844.

To Mr Fred. Brown, Proprietor of the Sarsaparilla and Tomato Bitters:
This certifies that my wife was severely afflicted with the liver complaint and her health was very seriously undermined, having tried various prescriptions, without success, she was fortunately induced to make trial of your sarsaparilla and tomato bitters, her health soon began to improve, and she is now much better in health, and would advise any one in ill health to use them.
Yours, respectfully, CHAS. CARLE.
Portland, Me, June 5, 1844.

To Mr F. Brown, Chemist, Boston:
I certify that my wife has been afflicted with a very bad humor on the face, and at her stomach for fifteen years past. After using various medicines with little or no benefit, she commenced using by the advice of Mr Edward Mason, Apothecary, your sarsaparilla and tomato bitters, and she is now in better health than she has before enjoyed for the last fifteen years, and I would cheerfully recommend to all and every one who are afflicted with any of the complaints which this medicine is recommended for, to use it in preference to any other now in use.
Yours, respectfully, I. B. LEACH.
Falmouth, May 29, 1844.

Post Office, Edgartown, Mass. May 21, 1844.
Mr F. Brown—Sir: Will you have the kindness to forward me by the schooner Energy, now in Boston, at Central wharf, opposite Messrs. Hewins & Fisher's Store, 6 dozen bottles sarsaparilla and tomato bitters. A Capt. of a ship bound on a Cape Horn voyage, wishes more than I now have on hand to supply him with; I therefore send this to be mailed in New Bedford, so that you can send them up by the Energy. Should I delay sending the order until to-morrow's mail, it would be too late to send them by the Energy. By complying with the above request you will oblige.
Yours respectfully, SILVANUS L. PEASE, Post Master.

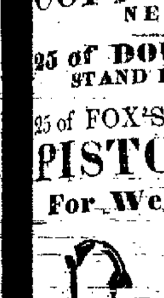
PISTON PUMPS,
For Wells, Cisterns, &c.



THESE Pumps are so constructed, that the brake may be shifted round to either side, by loosening and tightening the thumb screw at the top, thus making a right or left hand pump, as the situation of the same may require.

The upper box being composed of Chilled Iron, and free from any packing whatever, is not so liable to get out of order as all other pumps constructed with packing.

Freezing may be avoided in this pump by raising the brake to its extreme height, so as to open the valves that the water may run back.

The above pump, from its cheapness, beauty, compactness and durability, as a common house pump, surpasses any now in use.

In any case where this pump fails to do good execution on a fair trial the money will be refunded on returning the same. Please call and examine at N. JOHNSON'S, Stove Dealer, Nos. 80 and 82 Main-st.

POETRY.
Give us our Daily Bread.
The following lines descriptive of fact, were sent to the children of the Sunday School at St. Thomas' Church in this city, by Dr. Hawkes, the Rector.—N. Y. Mirror.

I knew a widow, very poor,
Who four small children had;
The oldest was but six years old—
A gentle, modest lad.

And very hard this widow toiled
To feed her children four;
An honest pride the woman felt,
Though she was very poor.

To labor she would leave her home—
For children must be fed;
And glad was she when she could buy
A shilling's worth of bread.

And this was all the children had
On any day to eat;
They drank their water, ate their bread,
But never tasted meat.

One day when snow was falling fast,
And piercing was the air,
I thought that I would go and see
How these poor children were.

Ere long, I reached their cheerless home,
'Twas searched by every breeze;
When going in, the eldest child
I saw upon his knees.

I paused, and listened to the boy—
He never raised his head;
But still went on and said—"*Give us*
This day our daily bread."

I waited till the child was done,
Still listening as he prayed—
And when he rose, I asked him why
The Lord's prayer he had said.

"Why, sir," said he, "this morning, when
My mother went away,
She wept because she said she had
No bread for us to-day.

She said we children now must starve,
Our father being dead,
And then I told her not to cry,
For I could get some bread.

"*Our Father,*" sir, the prayer begins,
Which makes me think that He,
As we have got no father here,
Would our kind father be.

And then, you know, the prayer, sir, too,
Asks God for bread each day;
So, in the corner, sir, I went,
And that's what made me pray."

I quickly left that wretched room,
And went with fleeting feet;
And very soon was back again,
With food enough to eat.

"*I thought God heard me,*" said the boy.
I answered with a nod—
I could not speak, but much I thought
Of that child's *faith in God.*

Report on Manufactures.
To the Trustees of the Penobscot Agricultural Society:

The Standing Committee of the Penobscot Agricultural Society, on Manufactures and implements, in the discharge of their duty at the late Fair of the Society appointed several Sub-Committees to assist them in examining the various articles offered for premium and exhibition and having accepted their several reports on the award of premiums and gratuities will embrace the whole in this report.

Your Committee, a portion of whom have served for several years, have understood the department of the operations of the society to be the *encouragement* of manufactures in the county of Penobscot, not only on account of the direct advantage to the manufacturers themselves, but for the general prosperity of the farming interest and of all pursuits among our citizens.—By enlarging the circle of home labor—by diversifying the pursuits of our people—by growing and manufacturing the largest convenient amount of the necessaries of life among ourselves by multiplying the products of labor with machinery and making our water falls labor for the benefit of man, the wealth of the County is increased. These objects have seemed to your committee worthy objects, and happily designed to enlarge the prosperity and independence of our people.

We supposed the Society had undertaken the encouragement of manufactures here for the foregoing and other reasons which might be mentioned. With these views your committee in their report last year endeavored to point out some of the reasons why manufactures should be encouraged in Penobscot and the advantages that would accrue to the whole people by the enlargement of the manufacturing interests here. This course seemed to your committee properly to come within the scope of their duty, and indeed that they could not worthily discharge their duty without presenting such views of the subject.

But they regret to State that their exposition of the advantages of encouraging the enlargement of home labor, met with some opposition not by interposing manly objections but by exciting prejudices. It may be well therefore for the Society to examine the reasons upon which they acted in establishing the department for encouraging manufacturing, and to dispense with the same if they see good cause, or to sustain it with that dignity and power which it deserves.

It was from the prejudice excited or from some other cause that the variety of manufactured articles presented at the late Fair was much less than usual. Your Committee regret this because they had fondly hoped the number and variety of articles would be greatly increased, since it was known that manufactures in our county have been much extended.

The Committee appointed to examine butter and cheese were, Chandler Eastman, of Exeter, Hon Samuel Butman, of Plymouth, Isaac Pierce, Esq., of Etna, and they recommended the following awards of premiums:—

For the best specimen of June butter, first premium of $3,00, to S. W. Knight, of Garland.

For the best September butter, premium of $2,00, to Dr William Peabody, of Corinth.

For the best cheese first premium of $2,00, to Dr. William Peabody, of Corinth.

For the second best cheese premium of $1,00 to P. B. Tay, of Levant.

The committee on manufactures of wool, cotton, silk, straw, &c., were T B Thompson, Esq. R Prince, Mrs Prince, Miss S. Holland and Miss C. Hutchings They award the following premiums:

For specimen of cotton and linen diaper, $1,00 to Mrs Lemuel Clark of Stetson. An excellent article, and the only piece offered.

For straw bonnet in imitation of a popular foreign braid, difficult of execution, premium of $1,00 to Mrs Spencer A. Pratt of Bangor.

Mrs Eliza Fitch, of Plymouth, exhibited a beautifully braided Dunstable Straw, which reflected great credit and to which the committee were strongly inclined to award the premium.

To a piece of straw braid, an elegant article, seventy five yards long, by Miss Charlotte Fitch of Plymouth the Committee recommend, in the absence of premium, a gratuity of 50 cents. While our young women can manufacture such braid as this they should control the fashion by wearing none but domestic made bonnets, and thus honor themselves and relieve the pockets of their fathers.

For the best hearth rug the premium of $1,00 to Mrs S. C. Newhall, of Bangor.

A large and brilliant hearth rug made by Mrs Samuel Butman, of Plymouth attracted much attention and for taste in design and beauty of display is rarely equalled.

To a rug presented by Caroline M. Baker of Bangor, the Committee would award a premium had they one at their disposal Another rug of substantial fabric was exhibited by Mrs. N. Thompson of Corinth, and there were one or two others that came in too late to be entered.

To a counterpane exhibited by Mrs Seth N. Merrill, of Bangor premium of 50 cents.

A beautiful counterpane was exhibited by Miss Sarah M. Fairbanks, of Bangor.

For a piece of woolen flannel premium of $1,00 to Mrs Isaac Case, of Levant.

For a Robroy Cloak, the manufacture of Mrs Isaac Case, a gratuity of 50 cents. This was a good and substantial article and furnished the Committee the strongest demonstration of her attachment to domestic manufactures, she having clothed her family with similar articles of her own make. This is certainly a case we can recommend as an example to all the good women of our county.

To a Carpet by Mrs Elmira Emery of Hampden a premium of $1,00.

Mrs Seth N. Merrill exhibited two pieces of cotton carpeting ingeniously shaded and well wrought but lacking in brilliancy of coloring.

Mrs L. Copeland of Brewer presented a piece of cotton and wool carpeting of excellent fabric.

Two beautiful knit caps exhibited by Miss Caroline Eastman of Exeter attracted much attention and are well deserving high commendation.

Miss Mary Plumer of Bangor presented a delightful specimen of her handy work—a bead purse and two pieces of silk fringe.

A piece of knit Lace exhibited by Mrs Albert Kimball of Bangor was much admired and well deserving a premium had the committee one to award.

To a bunch of woolen yarn by Mrs Stephen Smith of Garland, a premium of 50 cents.

To a shawl by Mrs Eastman of Bradford a premium of $1,00.

Two elegantly wrought Tabarets by Mrs Benjamin Hook Jr. of Bangor added much to the interest of the Fair and were greatly admired by all who examined them.

A beautiful chair with a wrought back and seat by Mrs Elbridge Dole was much admired The frame work of the chair was of elegant curled maple of the growth of Maine—and made by Mr E Dole—the labor of husband and wife happily uniting to produce a beautiful specimen of elegant workmanship.

Mr J. S Johnson, exhibited a large number of specimens of his art in ornamental painting which received general approbation.

The articles under the head of leather and its manufactures was exclusively confined to Boots and shoes The show of these was highly gratifying, proving beyond all dispute the increase of this important branch of manufactures in this vicinity.

Mr Henry J. Flagg of Bangor exhibited a case containing thirteen different kinds of shoes viz:—

2 pr. Gents Goat Sewed Gaiters.
3 " " " Pegged " "
2 " " Calf " "
1 " " Grain " Pumps.
2 " Ladies kid Sewed Ties.
1 " " " Pegged " "
2 " " Cloth Buskins.
1 " " Leather Strap Shoes,
1 " " Morocco, " "
1 " " Leather Pegged Ties
2 " Misses " " Bootees.
1 " " Cloth " Buskin.
1 " Childs Leather Pegged Bootees.

These were all of excellent workmanship—singular neatness of finish and gracefulness of form, indeed quite equaling any of the high finished, close fitting and right proportioned shoes of foreign manufacture. The attention to which the manufacture of each kind of shoe is

☞ We would call the attention of our readers to the appeal of a correspondent in behalf of that benevolent institution in our city the Female Orphan Asylum. Few enterprises can have more claims upon the benevolence of the public than that if providing for the physical, educational and moral wants of poor female orphan children. Great indeed should be the anxiety of the public that these orphans be kept from falling into temptation and a snare, and greater still that they be led by the gentle hand of kindness in the pleasant paths of virtue and in their tender years be suitably educated for the sober duties of active life; that they may be thoroughly prepared for their mission in society. To accomplish these great ends an institution has been established in this city relying solely for support upon the benevolence of the community. An appeal is made to that benevolence to aid its funds if not indeed to insure its continuance; at any rate to enlarge its usefulness. The appeal ought not to be made in vain especially as any of those articles required in the daily consumption of families for food, bedding, raiment &c will be acceptable and wisely and well appropriated.

☞ We notice in the Augusta Age a statement intended as an offset to the loco in Piscataquis who threatened to discharge two whig girls if their father did not vote the loco ticket, in which the editor of the Age says he knows of a newspaper establishment in one of the cities east of Augusta, that once discharged one of its journeymen for the offence of voting the democratic ticket and paid him off in depreciated bank bills."

We have strong reason to believe this to be an absolute falsehood. There is no city in the United States east of Augusta excepting Bangor and we know of no such discharge as that mentioned by the Age. If the allusion is to this office it is absolutely false in whole and in all its parts. We are quite certain it cannot be true in relation to any other office in this city.

We call upon the Age to take back its false statement so far at least as to clear this office from its villainous insinuation.

New and Beautiful Goods.

Our advertising columns are now altogether the most interesting part of our paper—to those who are about purchasing new dresses, cloaks and various articles for autumn and winter wear. There never was before such a beautiful display of goods in Bangor—and then, every thing is so cheap. All the women and all the men in the State, if they will only come here, can be supplied with just what they want and never get sick of their bargains. Just look over the advertisements, reader, and you will agree with us.

Whig Triumph.

We have the extreme gratification of announcing the election of Alexander Declouet (Whig) to the Senate of Louisiana, to fill the vacancy occasioned by the resignation of Hon Isaac Morse. The contest was conducted with uncommon ardor and the vote polled is larger than was ever cast before in the district.

The State Senate is now regenerated, and the Whig party have a majority in that body for the first time in many years. Their majority in the Legislature will be 9—viz: one in the Senate and eight in the House.

☞ We have upon our table an enormous potatoe raised in this city by Hezekiah Winslow. It has as many "bumps" as the greatest genius in the world; weighs nearly four pounds and is of the kind known here as "White Chenango"—an excellent variety. We shall send this to a Boston editor to feed his 'little ones.'

☞ We learn that the Whigs of Waterville elected their Representative on Monday last. There is nothing like trying and getting out the Whig strength.

☞ The Saco Democrat publishes the names of seven persons in one family all having died since the first of March last. The disease is not given, and as we know of an instance not very dissimilar as to the mortality, and have some facts which may be of interests by and by touching the matter of health, and in furtherance of this object would request the editor of the Democrat to state the disease with which these persons died, and also what means the family had for supplying themselves with water, whether from a well, spring, pump or aqueduct and how constructed—that is, was the water exposed to the action of *lead?*

Fire at Madison.

The Norridgewock Peoples' Press states that on Tuesday 24th a fire broke out in a Fulling Mill at East Madison, which destroyed a Saw Mill, a Grist Mill a Fulling Mill, a dwelling house and a store. Loss $3,000. Insured at the Somerset Mutual Office for $200.

☞ There will be a meeting of the Bangor Mechanic Association this evening. A general attendance of members is requested.

☞ The Nashville Union, a loco paper, on the 7th inst admits that Whig papers have stated the truth in asserting that Gov. Polk is the owner of slaves.

☞ The reports of the several Committees of the Agricultural Fair will be published in a few days.

Mr. Polk, South Carolina and the Tariff.

The subjoined Letter well deserves the attention of all the People of States not inimical to the protection of American industry against the destructive foreign competition. The writer of this letter was formerly a Representative in Congress, and, entertained congenial sentiments with Mr Polk, his very favorably judgement of his abilities and his principles is quite natural. When he speaks of Mr Polk's anti-tariff principles, his testimony is entitled to implicit confidence.—National Intelligencer.

Letter addressed to the Committee of the Macon Democratic mass Meeting.

CHARLESTON, (S. C.) Aug. 19, 1844.

GENTLEMEN:—When I had the honor to receive your favor inviting me to attend the Democratic Convention at Macon, I instantly determined to accept it, and had promised myself much pleasure from meeting so large a number of the Democrats of Georgia, to whom I am attached by all the ties of political brotherhood, and who are so highly and justly distinguished for their enlightened patriotism and ardent devotion to the cause of freedom. It is, therefore, with a feeling of no common disappointment that I have been compelled by indisposition to forego this pleasure.

I rejoice, however, to learn, as I do from various quarters, that the Democracy of Georgia has increased, and is increasing, and that there is every prospect of its efforts being finally crowned with triumph. That such may indeed be the issue, must be the fervent aspiration of all who desire the restoration of our Government to its original simplicity and purity, and who regard the Union not only as the ark of our political salvation, but as the only asylum upon earth for the oppressed and persecuted of the human race.

It is well known, I believe, that after the withdrawal of Mr Calhoun, who was the favorite candidate of my native State, my humble efforts were devoted to the advocacy of Mr Van Buren's claims. But, notwithstanding my profound respect and personal regard for that illustrious patriot and statesman, I sincerely rejoiced, for the sake of the country, when the distracting divisions of the Democratic party were so happily healed by the unanimous selection of Messrs. Polk and Dallas as their candidates for the Presidency and Vice Presidency of the Union.

Since then I have omitted no effort, at public meetings and through the press, to sustain the cause of the Democracy and promote the election of their distinguished nominees. And I have done this the more cordially in relation to Col. Polk, because, having long had the pleasure of a personal acquaintance with him, and being conversant also with all the events of his public life, I know him to be a man of eminent abilities, a statesman, of great power and impressiveness as a speaker, perfectly familiar with the true theory and genius of our complex political system, sagacious and practical in his views and habits, firm and energetic in his character, prudent in council, prompt and decisive in execution, and thoroughly devoted to all the cardinal doctrines of the Democratic faith. In a word, he is a man every way qualified to administer the Government with honor to himself and advantage to the country, and upon whom, therefore, the Democratic party may rely with confidence, that, if elected to the office of Chief Magistrate, no exertion will be wanting on his part, not only to consummate that great American measure, the annexation of Texas to the Union, but to regulate the domestic policy of the country according to the standard Democratic principles of "low duties, no debt, separation from banks, economy, retrenchment, and strict adherence to the Constitution."

It is the policy of the whigs, and some of our Democrats, too, *to represent Col Polk as a protectionist* in consequence of his recent letter to M. Kane, of Philadelphia. But *no charge was ever more unfounded—It is contradicted by the whole tenor of his political life. It is refuted by all his speeches and votes* in relation to the tariff for a long series of years. *His* doctrine of a tariff for revenue, as the primary object, with incidental protection to manufactures, *is the very doctrine of South Carolina. It is the doctrine of the Baltimore Convention, in which he concurs*, and which has been generally assented to by the Democratic party of South Carolina. It is the doctrine of *the celebrated exposition, published by the Legislature of this State*, and has always been recognised as the creed of the State Right's party.—Manufactures cannot be sustained without adequate protection. South Carolina has always been willing to give them such an amount, not exceeding 30 per cent., as may be necessary to benefit them without producing gross injury and oppression to the exporting States. The Whigs go for protection as the primary object of a tariff, regarding revenue as a mere secondary matter. The Democrats, on the contrary, go for revenue as the main and only legitimate object, to which protection is entirely incidental. This is the great difference between them, and as Col. Polk holds the doctrine of the Democratic party, it is absurd to call him *a protectionist*, unless that appellation can be *justified by the principles of the party as expounded by the Legislature of South Carolina*, and again promulgated by the Baltimore Convention.

"I am aware that the efforts that are making to array this State in hostile collision with the Federal Government have been much calculated to embarrass the Democracy in other States, and to injure the prospects of Col. Polk. The evil that has thus been done cannot be repaired; but, to prevent its spreading further, I embrace this occasion to request that the Democracy of South Carolina may not be implicated as a party in this unfortunate and ill-judged movement. Be assured it meets no support or sympathy from the great body of our people. They are determined in good faith, to support the election of Col. Polk, and to co-operate with their political brethren in other sections of the Union. They rely upon him and the party, if successful, to effect the admission of Texas and a reduction of the tariff. They will do nothing rash or premature. They are by no means disposed to repudiate Mr Calhoun, or to follow others in opposition to him. Above all, they are attached to the Union in the very spirit in which that great and good man has expressed his feeling of devotion to the stars and stripes. The disunion fire will soon burn out for want of fuel, doing no injury except, perhaps, to those who kindled it. At all events, if this movement be persisted in, and a trial of strength takes place to decide the issue, there can be no rational doubt that the true Democratic standard of "Polk and Texas, Calhoun and the Union," will carry every thing before it, with resistless sway, from the seaboard to the mountains.

I will only add, that as Georgia and South Carolina are identified in interest and institutions, so I hope they will be found side by side in the approaching contest with the whigs. The battle has been very handsomely began by Louisiana, Alabama, Indiana, and Illinois. May Georgia soon be added to the number, and, when the great conflict shall have ended, may we all be able to rejoice in a victory which will save the country from the evils and miseries of a consolidated despotism, and add another to the resplendent catalogue of republican triumphs by which the political history of our country is emblazoned.

I remain, gentlemen, with great respect and esteem, your friend and fellow-citizen.

H. L. PINCKNEY.

The Invasion of Texas.—

An officer of the Falmouth, of Pensacola, from Vera Cruz, writes to the Picayune as follows:—

An army of ten thousand men had marched from Mexico to the invasion of Texas; but the route they have taken is so very circuitous that it is supposed they have no intention of commencing hostilities against the Texans until late in the autumn; meantime, the provinces through which they pass will support the army, and *forced* "volunteers" of consequence augment their ranks.

It is conjectured that steamers and other vessels are to be in readiness in October, at Tampico, to transport troops and munitions of war to Galvaston, which port will probably be attacked from the sea board.

☞ WISTAR'S BALSAM OF WILD CHERRY. This article, as its name indicates, is a chemical extract of Wild Cherry. It is simple and harmless in its effect—yet it is more efficacious in obstinate Coughs, Asthma, Croup, Consumption and Liver Complaint; than any other medicine known to man. It has effected many marvellous cures—having more the appearance of miracles than the effect of a natural remedy. The active ingredient of this balsam, "the Extract," is not, and cannot be known or made by any but the inventor. Hence it is in vain to try remedies that fail in their object as often as they are used.

William Seaver, Esq. Postmaster at Batavia, N. Y. writes that he gave an afflicted person one bottle, the effect of which was so wonderful that it created an immediate and extensive demand for it. It needs but to be known to be universally used by physicians as well as patients.

CURE FOR PIMPLES ON THE FACE.

THESE complaints are among the most painful and dreadful to which human nature is subject. Comstock & Co's Extract of Sarsaparilla, in all scrofula diseases, cutaneous complaints, ulcers, mercury in the blood, pains and swellings of the bones, and diseases of the liver is a most excellent medicine. It first operates upon the blood, removing all the diseased particles it contains, and other parts of the system. It is concentrated extract, containing the very essence of the root, and prepared in the most scientific manner. Those who have been for a great length of time suffering under any of the diseases named, will find this Sarsaparilla of great benefit. As a general Spring Medicine to purify the blood, and give the vital fluids their natural circulation, to expel from the bowels all their morbid secretions, and to change the general habit of the system—in short, to prepare the whole physical system for the enervating heats of summer. there is no preparation so efficient as Comstock's Sarsaparilla. Price 50 cents per bottle, or $4 per doz. Warranted equal to any sold at $1 per bottle.
Sold in Bangor by G. W. LADD, and HALL & YOUNG. 3tawd and w6m sept 27.

STARTLING FACTS.

HUNDREDS of children and adults are lost yearly with worms, when some other cause has been supposed to be the true one.

It is admitted by all doctors that scarce a man, woman or child exists but what are sooner or later troubled with worms, and in hundreds of cases, sad to relate, a *supposed* fever, scarlatina, cold, or some other ailing carries off the flowers of the human family—while in truth they die of Worms! and these could have been eradicated in a day, by the use of a bottle of KOLMSTOCK'S VERMIFUGE, at the cost of a quarter of a dollar!
